ACA Marketplace Breaks Record with 21.3 Million Enrollments

A surge in ACA marketplace enrolment for 2024, underscores its importance in providing health coverage. Enhanced tax credits with various options for health plans with essential health benefits and a wider network for all health insurance including BCBS continue to add new enrollees for 2024.

Support Vulnerable Families in your Neighborhoods

Worry Free Community staff is providing case management for 600 families this year, living **below the poverty line**. Our Community Health Workers diligently coordinate whatever available resources they have to support the needy family's daily needs.

These new immigrants surviving on less than <\$700/week are striving to balance their needs and the challenges faced by their kids at school. They do not knock on any doors for any support. These are our neighbors who have the first right on our Zakat \$\$.

We invite you to partner with us to help support their needs. We distribute Zakat through Tamleek, so 100% of your Zakat \$\$ goes to the recipient.

Your donation today can make a tangible difference in the lives of these families, providing them with essential resources and monetary support to overcome their daily financial challenges. Your support empowers each family in unique ways. They don't need your support forever. These are a few harsh times in their lives as new immigrants. Very soon each one of them will turn around to support others who would be in need.

Join us in making a meaningful impact on our community's well-being. Donate now to help those in need.

Upcoming Training for Community Health

Come alongside us in the pursuit of health equity. Together, we can assist our community members in grasping their benefits and utilizing the resources available to them effectively.

We're thrilled to extend an invitation to all who are interested in joining our orientation training on **April 20, 2024**.

This is your opportunity to acquire invaluable practical experience by volunteering with us in clinical environments and community health initiatives. Seize the chance to make a meaningful impact on our community's welfare while refining your abilities and understanding.

Updates on M-PCOR Program

WFC had the privilege of welcoming Janice Tufte, an experienced PCOR patient researcher, for a networking session with WFC staff and board members on February 10th, 2024.

Janice offered insights into the most recent PCORI endeavors and highlighted collaborative opportunities beneficial for patients, emphasizing ways to amplify patient voices.

During the session, another local PCOR Ambassador, **Shabina Khan**, contributed to the discussion, sharing her journey as a PCOR Ambassador and its positive impacts on her and her family.

Become a PCORI Ambassador

Long-term PCORI ambassador,
Janice Tufte,
updates WFC on interoperability
efforts within healthcare IT

Tufte**

As we navigate the intricate tapestry of healthcare, let's remember our share
Worry-free society where health disparities are relics of the past. Together, we are not just
dreaming; we are **DOING**. Join us, engage with us, and let's sculpt a healthier, more equitable
future, one step at a time.

Here's to a transformative 2024!
